Air Cargo

We offer a global and cost effective solution to all of your air freight needs. Through a worldwide network spanning the four corners of the globe, our teams of cargo professionals provide global services and local expertise to ensure complete door-to-door transportation and smooth Customs clearance at all times. Our state-of-the-art technology and network of offices around the world allow total traceability and visibility of your shipments from the moment a job is booked until it is delivered at the final destination.

Freight Forwarding

We provide time definite, innovative sea freight services for Less Than Container Loads (LCL) and Full Container Loads (FCL) shipments worldwide. As one of leading sea freight Consolidators, we can handle large volumes on a global basis or specific requirements on a single route at any time and to any destination.

Transportation

We have various types and size of fleets, which enables us to move all size and types of cargoes (in-gauge, Out of gauge) through land. With a backup of this, our experienced transport team moves all types of cargoes professionally within the country and to all GCC destinations.

Customs Clearance and Delivery:

We offer fast and effective customs clearance. And a wide range of non-standard import and export clearance and handling services.

Lcl Deconsolidation

Our vast web of own-managed facilities and trusted partner carriers gives us control of your shipment from seamless end to end.

We provide complete visibility of your freight, performance, and costs. It also allows us to keep consistently high standards of service and compliance, with operational excellence and global SOPs guaranteed across the board.

Project cargo handling

We have built a formidable reputation in Project Cargo Logistics with our dedicated operations team who have a thorough understanding of handling cargo with ports, customs and transport agencies. We offer innovative Project Cargo Handling solutions as well as technical engineering services to manage the project completely from start to finish, ensuring timely delivery of your valuable goods.

Warehousing

At FINAN Logistics we have a planned space for the storage and efficient handling of goods and materials, located near the airport and the port of Loading or Delivery. Which works as a distribution center connected to our in-land transport network.

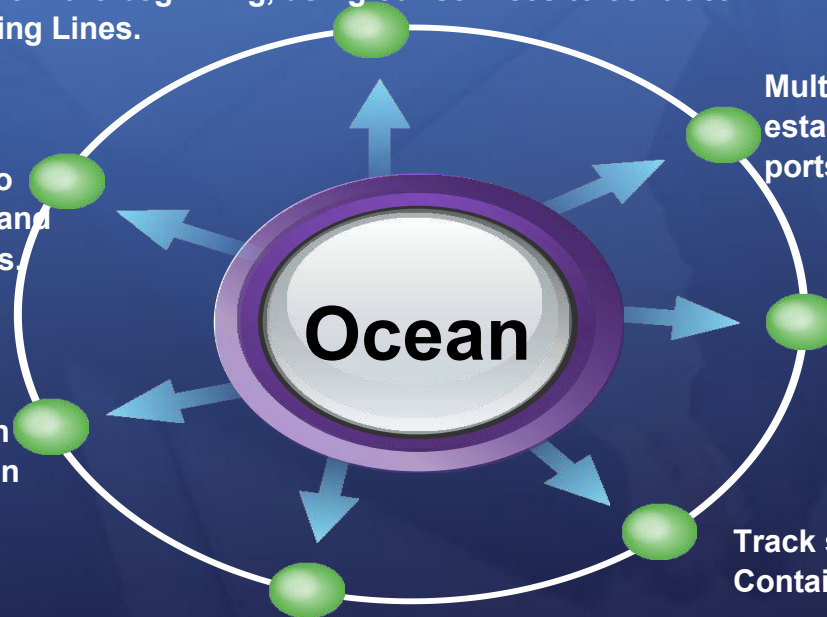

Planning is bringing the future into the present so that you can do something about it now!
